# Impact Report 2023

“How can the message be proclaimed if the messengers are not sent out?”

*Romans 10:15 (GNT)*

## Thank you ...

Most of you will likely never set foot in many of the nations in which AFCI ministers, yet you have made the decision to become part of our story. You have joined us in this mission to share the Good News of Jesus Christ through teams of nationals around the world.

Thank you for continuing to send out messengers. We will not stop until all have heard.

## From the International Director

*This Impact Report acts as a snapshot of what the Lord has done in 2023 through your support of our national teams.*

Each January, my staff and I engage in a spirited exercise of identifying the major accomplishments of the previous year. Thanks to your incredible support, 2023 held an array of blessings!

We're delighted to report that we've welcomed three new nations into the AFCI family: Dominican Republic, South Sudan, and Spain. These nations are already making a significant impact for Christ in their corners of the world.

*As we look back on the journey of 2023, we can't help but overflow with gratitude.*

In addition, our AFCI Slovakia team has launched an exciting initiative: a European School for Evangelists. Classes run in both Slovakia and Spain, with over 54 eager participants. It's been incredible to witness such passion for spreading the Gospel in what was once considered a spiritual desert.

As we look back on the journey of 2023, we can't help but overflow with gratitude. Your unwavering partnership continues to propel AFCI forward with the goal of every nation hearing the message of Christ's salvation. Thank you for standing with us through another wonderful year!

## The School for Evangelists

AFCI has long been committed to training ministry leaders, a legacy that continues through the School for Evangelists spearheaded by AFCI Slovakia.

The program follows the model outlined in Ephesians 4, focusing on the identification, affirmation, training, and mobilization of evangelists. The two-year program trains evangelists across Western and Central Europe, with plans to expand into the Balkans.

Each cohort goes through a structured core curriculum, along with in-person, evangelistic outreach training.

Working with local churches and Bible colleges, the goal is to identify and equip European evangelists to not only spread the Gospel, but also to train churches and other evangelists to effectively engage their communities.

With a vision to accelerate the spread of the Gospel across Europe, this initiative is designed to share the Good News of Christ in a dynamic and constantly evolving environment.
